You can apply for access below.
We will verify your details before granting you access via email.

- [ ] I am a Distributor
- [ ] I am an Instructor

Submit

You will be granted access to

six-thinking-hats.com/activation-count

This will display the name, company, instructor, Passkey ending, product code and date of each Participant using your distributor passkey.

Distributors will be able to see and search on all participants, while trainers will only see Participants they have trained.

Trainers can also view a dashboard of their Participants progress through the website by clicking on “participant’s progress”.

Activation Count

These pages provide data on which logins have been authenticated using your passkey. It does not include people who have only "signed up" but not yet activated their passkey. Distributors can see everyone who has activated their passkey, while trainers can only see the participants who have entered the trainers name during the passkey activation process.

Further details on the participant's progress is also visible.

Count of all customer activations in the last 12 months, excluding complimentary access. 27

Show complimentary logins only

The table below is sorted by most recent activity (DD/MM/YYYY) and shows up to 40 records per page.

Search by passkey suffix | Search

The passkey suffix excludes "Think2021" and is the first three letters of the distributor + any other characters that you have used to distinguish orders. A blank search will show all results.

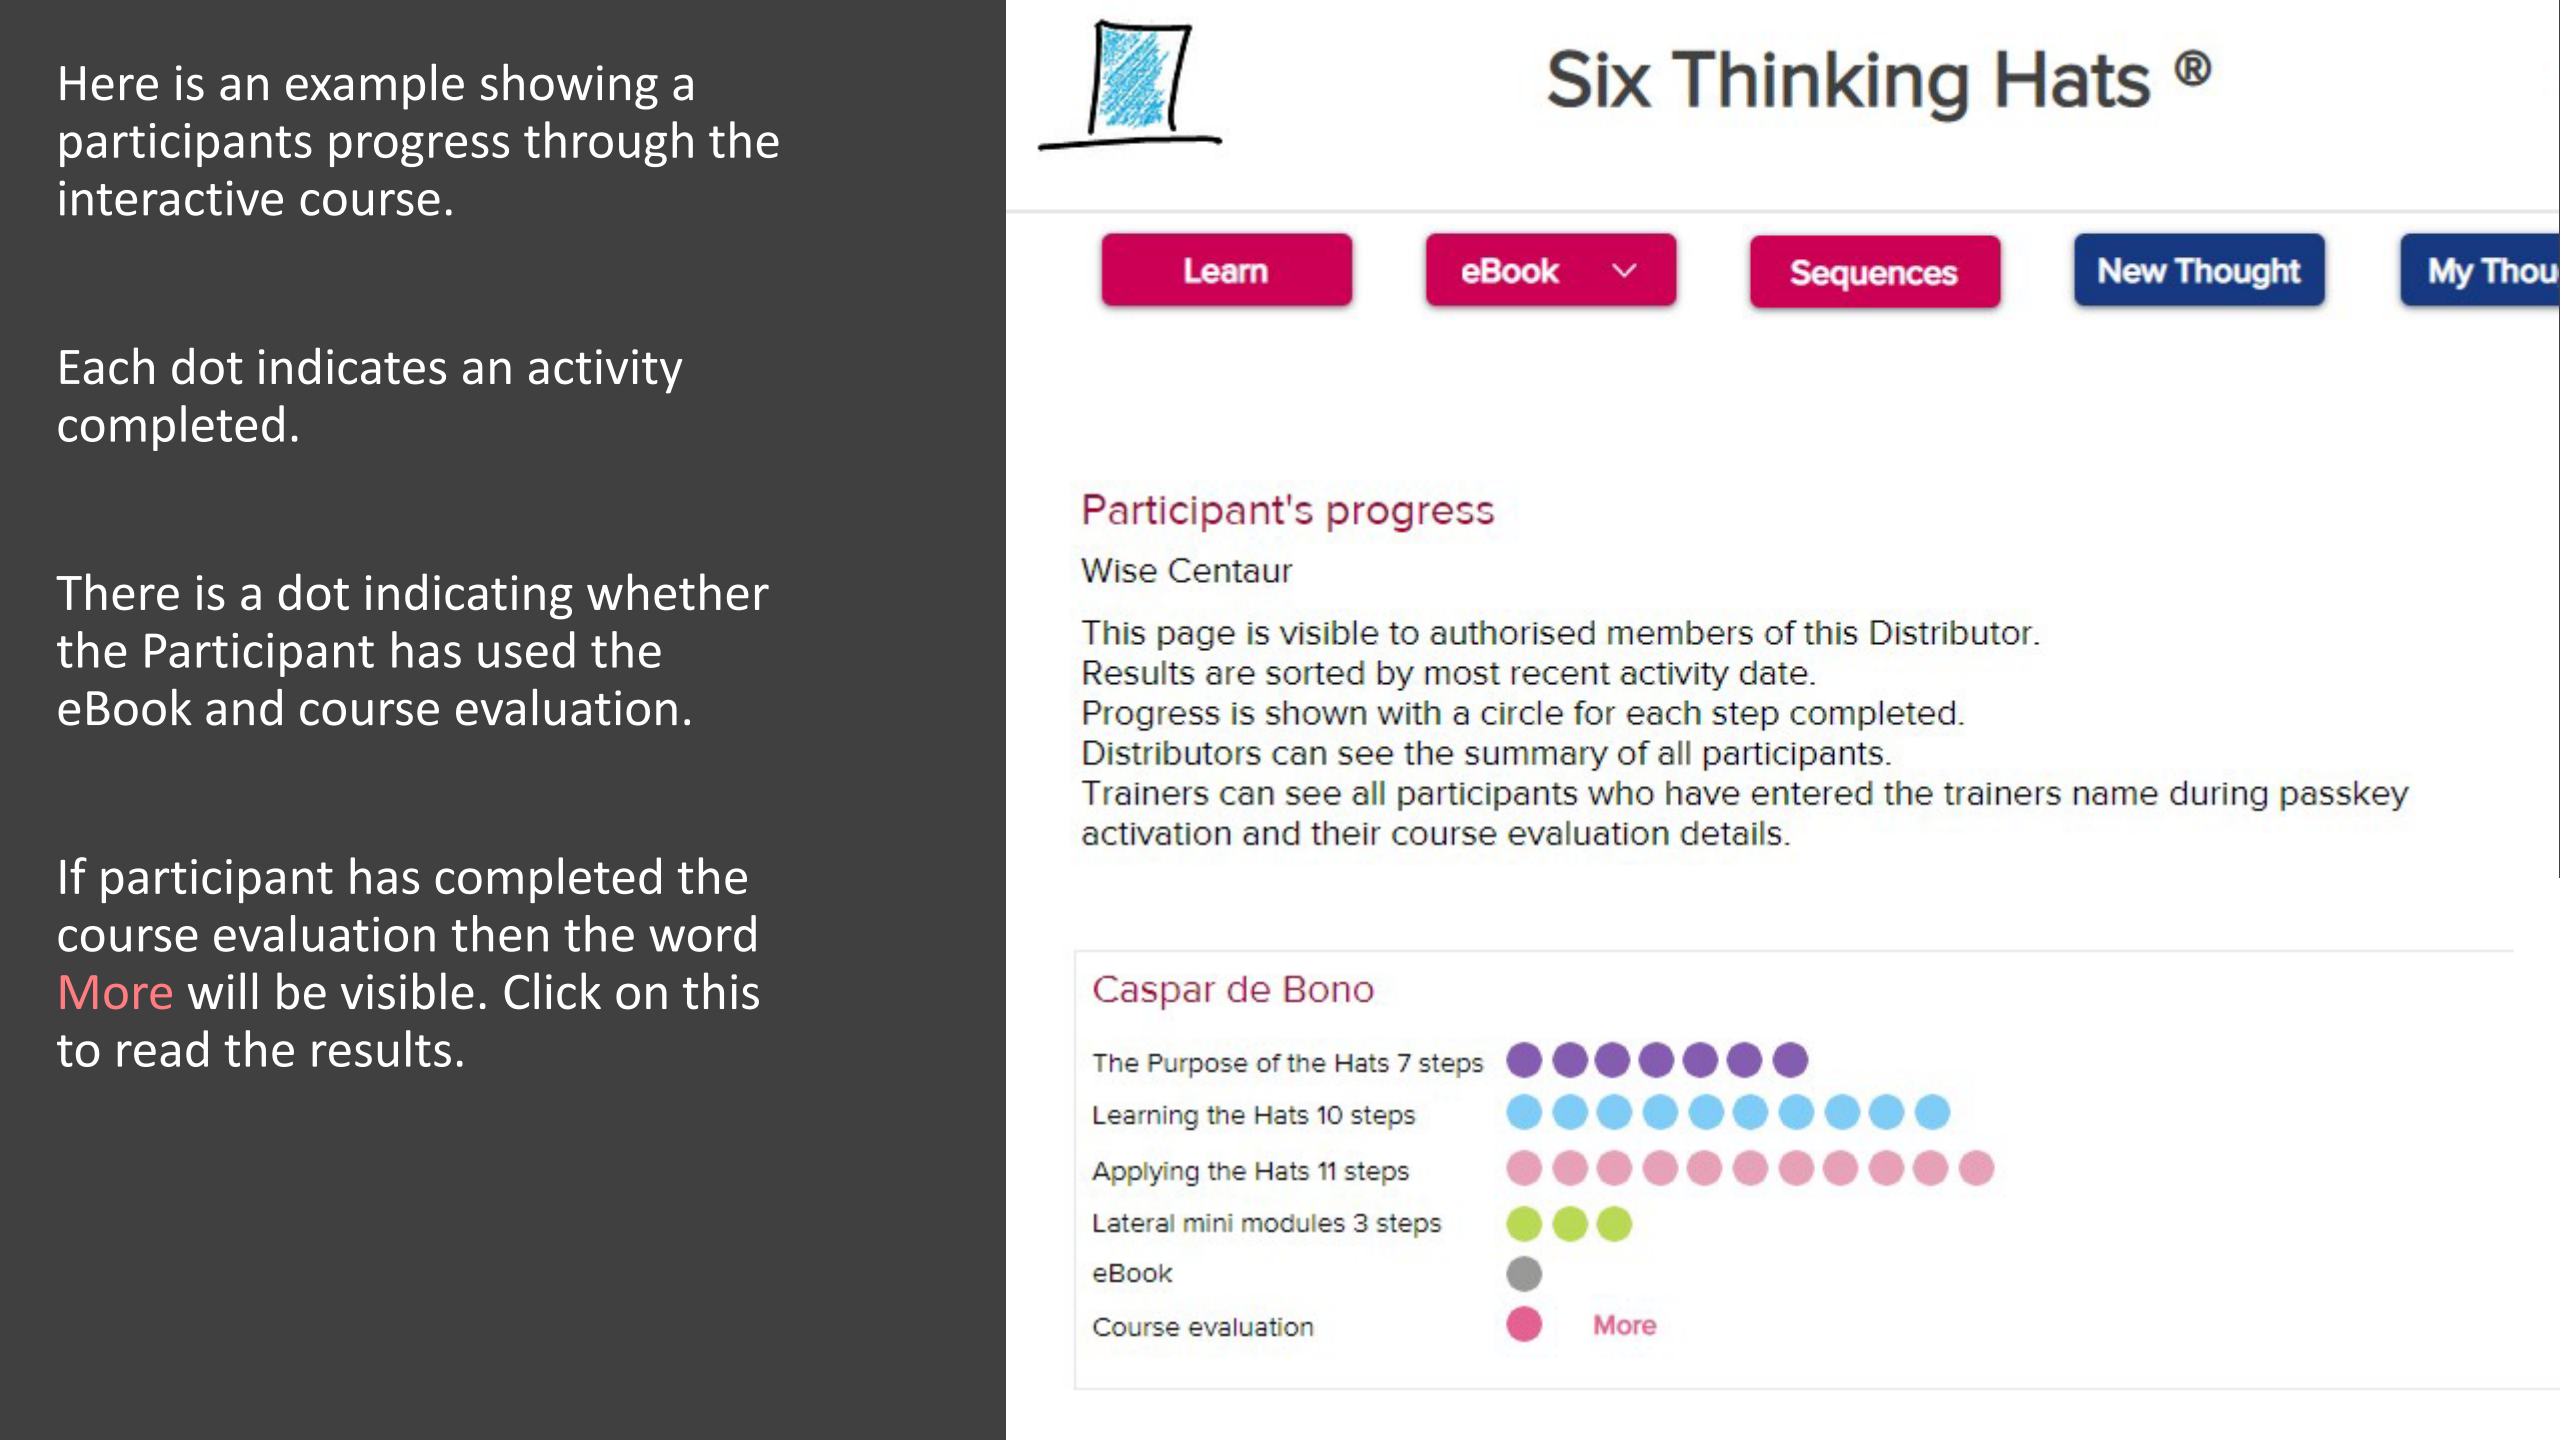
Full name	Company	Instructor	passKeySuffix	Product code	Updated Date
Elisa Garis	Elisa Garis	Caspar	WIS		19/10/2021

Here is an example showing a participants progress through the interactive course.

Each dot indicates an activity completed.

There is a dot indicating whether the Participant has used the eBook and course evaluation.

If participant has completed the course evaluation then the word More will be visible. Click on this to read the results.



Clicking on More will reveal the answers to the questions on current thinking provided by the participant at

six-thinking-hats.com/current-thinking-qus

And also any feedback given in the post course evaluation.

six-thinking-hats.com/review

Participant details will only be visible to a specific trainer if (a) participants provided the trainers name on sign up and (b) if the trainers name is spelt the same.

Six Thinking Hats ®

Learn | eBook | Sequences | New Thought | My Thoughts

The results are only visible to the specific trainer and only if the participant has entered the trainers name during passkey activation.

Q.1 Why are you taking this course? What is a good outcome for you personally? What is a good outcome for your team or organisation?

Q.2 How do you approach or resolve discussions at work when there are different points of view?

Q.3 How productive are your meetings?

Q.4 Are you and others encouraged to express ideas and explore possibilities in meetings at work?

Q.5 What challenges do you have individually when you need to think of a solution to a problem or find a new opportunity?

Q.6 If possible, have a discussion with a group of people on one of these topics. Or think about it yourself.

Q.7 Where do you do your best thinking? Write down any observations you have regarding your own approach to thinking and decision making?

Q.8 Which two Hats do you feel most comfortable using?

Q.9 Which two hats dominate the thinking in your team or organisation?

Q.10 What impact does this have on effectiveness?
